Erläuterung Scharniere [German]

Außen Scharniere

- KS-10-F das ist die Standard HY Scharniere mit die original Dimensionierung
- KS-20-F dieser Scharnier ist wie die original [KS-10-F] , nur das flache teil ist breiter
- KS-22-F dieser Modifikation haben wir gemacht für bessere Montage an Scharnier Motorhaube/ frontklappe ; fester Teil an carrosserie!
- KS-24 F dieser Modifikation haben wir gemacht für bessere Montage an Französische Türen [an Tür] und auch Motorhaube an carrosserie

Innere Scharniere

- KS-10-M das ist die Standard HY Scharniere mit die original Dimensionierung
- KS-20-M dieser Scharnier ist wie die original [KS-10-M] , nur das flache teil ist breiter
- KS-22-M dieser Modifikation haben wir gemacht für bessere Montage an Motorhaube/ frontklappe ; das Teil an der Motorhaube!
Und zu benutzen für die zwei Hintertüren [am carrosserie/Hinten Paneelen] [Sektion ZZ in Zeichnung 53]
- KS-24 M dieser Modifikation kann man auch nutzen für bessere Montage an Motorhaube/ frontklappe ; das Teil an der Motorhaube!
und bessere Montage an Hinten klappe [am klappe!]

NB1:

Scharniere KS-22-M ist sehr nützlich wenn sie neue hinten Paneel montiere dann brauchst du nicht die alte Scharniere vom alten Paneele ab zu bohren,

und man kann die Scharniere gut positionieren für die zwei Türen!

Wir denken es wäre nützlich die Scharniere Modifikation KS-22-M zu nutzen zusammen mit neue hinten Paneelen.

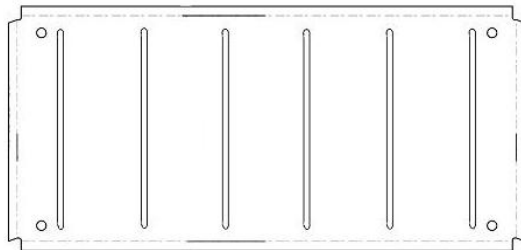

NB2

Aller Modifikationen haben wir gemacht für bessere, stärkere oder einfacher Reparatur.

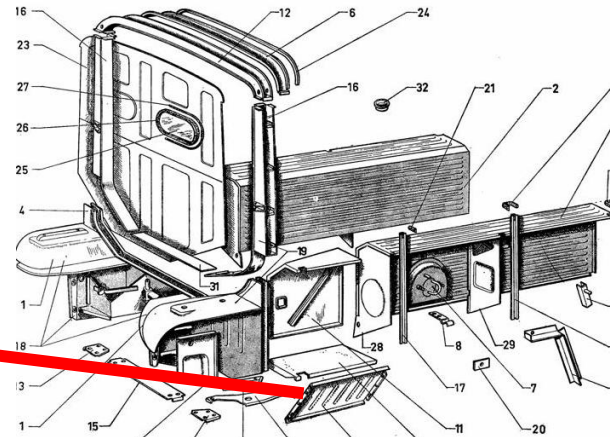

Unsere Anweisungen für welcher Teil ein Modifikation benutzt kann worden, sind Radschlagen

Kunden sollen selbst entscheiden welcher die beste Modifikation ist für ihrer Wagen und ihrer Arbeitsmethoden.
